The gold standard in recycling systems

McIntyre 320
Alligator Shear

McIntyre 320 Shear

The well established 320 Shear is a must for any yard and is now recognised as the industry standard for all shears of this type

Powerful and high quality

One of our most popular shears, the McIntyre 320 Shear has maintained dominance in a demanding market due to its strength, quality and reliability

The 320 is powerful enough to deal with a wide range of cutting and cleaning operations and is able to handle; automotive scrap, whole gear boxes, cylinder heads and blocks, oversized gate valves and of course all the usual non ferrous metal separations. The 320 can also be used to cut ferrous metals.

Why is this the best for you?

- fully CE compliant
- polycarbonate operator viewing points
- robust and reliable
- powerful and long lasting
